UNDER a splendid picture of the gentleman, the Advocate says: Mr. George D. Weatherford is the affable and clever purchaser of the drug business of Mr. John S. Wells. He formerly lived in Danville and is as well known here and is as popular as he is in his old home town of Hustonville. He is a member of Ryan Commandery of Knights Templar and a gentleman of the highest order. The Advocate also prints a fine likeness of Cashier J. W. Hoskins, of the Peoples Bank of Hustonville, together with a very complimentary mention of the splendid gentleman.

PURSUANT to a call of the county board and in compliance with the law, the Fiscal court met Tuesday and made a levy of 10 cents to apply on all property in Lincoln county except in those districts where the levy is already as much as 20 cents. The money raised by this taxation shall go to improve school houses, for taking census and paying debts already incurred by some districts. Not the least beneficial will be the establishment of a County High School. The County High School and the Stanford High School will be co-existent the coming year. The County Board of Education has already entered into an agreement with the local board to that effect. Now let the patrons of the rural schools see that their children complete the common school branches and then enter the County High School free of charge. To be entitled to free tuition in this high school the pupil must take the examination before the County Board of Examiners on the second Friday and Saturday in May. It is recommended that each boy and girl take this examination if they have any intention of attending County High School next year. If the new law is a benefit, let it become operative at once. The people of Lincoln county can help to raise Kentucky from her low scale of illiteracy and make things go by encouraging every one to patronize high schools and colleges. Now that a high school education may be had by any one free of charge, let every opportunity be seized for betterment. The desire for what we lack and the ceaseless striving after better things makes us men. Let the pupils who intend to go to some high school, take the examination before the County Board of Examiners the second Friday and Saturday in May, get a certificate of graduation in the common school course and attend the County High School free of charge. Let all rejoice that another forward movement has been made.

ROBERTS.—Mrs. Bertha Roberts, aged 57 years, of Brodhead, died suddenly of pneumonia, while on a visit to her daughter, Mrs. Douglas Brown, at Lebanon Junction. The burial was at Crab Orchard. THE Theatrum is now a thing of beauty. The promoters have papered and painted their place and put in additional electric lights until it is as light as day when all of the incandescents are turned on. The films now being shown come direct from New York and none are over six weeks old. Good crowds attend every show and everybody comes away more than pleased. Go if you have not been and you'll get the habit good and strong.

Preventives—those Candy Cold Care Tablets—will safely and quickly check all colds and the Grip. Try them once and see! 45-25c. Sold by Penny's Drug Store.

You should be well dressed. When clothes are as good as moderate in price as they are with us, there's nothing but blame for you if you don't dress well, not extravagantly mind you, not expensively, just decently, that's all. It won't cost you much to fit out with us. Take our \$17.50 Spring Suit as an instance. You couldn't have clothes made to your order, which would fit you any better, or any that would have more tailoring in them. Or do you prefer coat and trousers with fancy vest? If so, you will find us with an excellent assortment. Come in and advise with us.
